Claims 1-24 are allowed.

REASONS FOR ALLOWANCE/EXAMINER'S COMMENTS

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103. Specifically, in reference to independent claim 1 (and its dependents), none of the prior art either alone or in combination disclose or teach of the claimed deformable mirror specifically including, as the distinguishing features in combination with the other limitations the claimed "first layer of actively deformable material, said first layer having a thickness and attached to the passive substrate layer for deforming the mirror as a result of transverse expansion or contraction of the deformable material under the influence of a field applied across said thickness".

Examiner's Comments

Regarding claims 1-20, upon further consideration of the prior art and the claimed combination of limitations, applicant's arguments filed 11/26/2007 are persuasive. Therefore, the previous prior art rejections have been withdrawn and a reasons for allowance has been set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
